

21K School

Where Every Learner
Finds Their Path

#AnotherWay

Where every learner finds their **path**

21K School

A global K-12 learning ecosystem

21K School

Where Every Learner
Finds Their Path

#AnotherWay

A child's possibilities deserve **room to grow**

A thinker. A performer. An athlete. A maker.

Every child brings a different combination of strengths, interests and ambitions. Education should give those possibilities room to develop.

At 21K School, we combine strong academic foundations with personal attention, purposeful flexibility and opportunities beyond the classroom.

So learners can discover what they can do and pursue who they can become.

**This is where every learner
finds their path to success.**

21K School

Where Every Learner
Finds Their Path

#AnotherWay

Our vision and mission

A clear purpose. An ambitious future.

We began with online schooling and now we are building a connected learning ecosystem with possibilities of every learner.

Our vision

Empower every learner to thrive through personalised, technology-enabled education that unlocks purpose, potential and global opportunity.

Our mission

Build the world's most adaptive K-12 learning ecosystem, modular, data-driven and human-centred—where every child learns at their own pace, discovers their purpose and achieves excellence.

21K School

21K School **ecosystem**

One purpose. Four ways to learn.

Connected choices for different stages, interests and ambitions.

Online

Complete schooling through Indian and British pathways. Live teaching, academic guidance and community, accessible across locations.

On Campus

Our forthcoming school in Puducherry, India. Personal attention, strong academics and hands-on learning within a physical school community.

FLOWW

Online languages, English and Mathematics Mastery, and Capstones. Stronger foundations and skills beyond the school curriculum, including entrepreneurship.

Learning Garage

Hands-on spaces for robotics, design, coding, gaming, electronics, AI, IoT and tinkering. Where ideas become working projects.

21K School

Where Every Learner
Finds Their Path

#AnotherWay

Our learning approach

Learning that responds to the learner

Personalised

Understand the learner.
Make the next step relevant.

Flexible

Create meaningful choices,
supported by structure and
guidance.

Accelerated

Build strong foundations.
Make room for deeper
challenges and faster progress
when ready.

Pedagogy gives direction. Technology strengthens access and insight. Human connection brings judgement and care.

High aspirations supported by the 16 Habits of Mind

Seven Dimensions of Success

Success has more than one dimension

Strong academics matter. So does the person a learner becomes.

Health and wellbeing

Healthy habits, resilience
and self-awareness.

01

Purpose and values

An inner compass for
thoughtful choices.

02

Relationships and community

Communication,
collaboration and
belonging.

03

Career and purpose

Interests connected with
future possibilities.

04

Financial literacy

Responsible choices about
money and resources.

05

Responsible citizenship

Contribution to local and
global communities.

06

Academic excellence

Knowledge applied with
rigour and independence.

07

21K School

Where Every Learner
Finds Their Path

#AnotherWay

A wider world

A wider world to learn from, and their different perspectives make learning richer.

Live conversations, shared projects, events and selected in-person experiences help learners connect beyond one neighbourhood.

21K FLOWW & 21K Learning Garages welcome learners from other schools, homeschools and micro schools.

21K Learning Garages in Bengaluru, Hyderabad, Pune and Delhi give curiosity a physical place to grow.

More people to learn with.
More possibilities to explore.

The Pathfinders

Their paths tell our story

A sporting ambition. An original idea. A creative achievement.
The determination to keep going.

The Pathfinders series celebrates learners whose achievements reach beyond conventional school expectations.

Their stories show what individuality, discipline and room to grow can make possible.

LEARNER STORY

NITHILA DAS

Fastest Girl in India (Motorsports)

Grade 8 student, has secured remarkable achievements in the field of motorsports. In the FIM MiniGP OhVale Championship 2022, she clinched the prestigious "**Fastest Girl in India Title**," along with the Championship Title. Nithila's dominance was evident as she emerged victorious in 8 out of 10 races during Round 8.

In the TVS One Make Women's Championship 2022, she left an indelible mark by setting the Women's Lap Record at MMRT, Chennai. Undeterred by her previous success, Nithila continued her winning streak into the TVS One Make Women's Championship 2023. She conquered Rounds 1, 2, and 3, solidifying her position as a force to be reckoned with in the racing arena. With two more rounds to go, Nithila Das is undoubtedly a rising star in the world of motorsports.

Our **people** and **values**

Purpose becomes real through people

Facilitators, technologists, creators and support teams shape one shared learner experience.

'Go for Great', expresses our ambition.

Six crew values guide how we work.

Learner-first purpose

Serve the learner's
long-term growth.

Personalisation with integrity

Combine evidence, empathy
and honest expectations.

Excellence through ownership

Take responsibility and
follow through.

Agility and innovation

Question, adapt and build
better answers.

Empathy and inclusion

Listen, respect differences
and create belonging.

Growth mindset for life

Keep learning.
Keep improving.

Our long-term ambition

A larger possibility for education

Our ambition rests on academic rigour, clear responsibilities and evidence of progress.

We are building a global learning company from India, combining educational depth, technological capability and human care.

Every new programme, centre and capability should widen opportunity and strengthen the experience of learning.

Our measure of progress is what learners become equipped to do: pursue meaningful ambitions, exercise judgement and contribute with confidence.

**An education
that expands what a
child can become.**
